ATAMBUA, NUSA TENGGARA TIMOR

Our team of volunteers and local friends

Terry with the children

This is the third year in a row that we have organized foreign volunteers to come and help with projects in **Atambua**. Our team consisted of 2 volunteers from *France*, 1 from *Italy*, 3 from *Australia* and 1 from *Taiwan* along with our 3 volunteers from *Jakarta*. We spent a total of 2 weeks in and around Atambua, traveling also to

villages outside of **Kefa**. In each village our main focus was with the children where we distributed milk and bread to encourage nutrition. We also distributed diapers, sanitary napkins and school supplies and sang songs and played games with the children. Some villages we had to

travel off road for up to 6 hours to reach and since these villages very rarely have someone visit them we believe it greatly encourages them to just know that someone cares.

Joy with some of the village children

We also visited the **Primavera** school built by **CAMADE** outside **Atambua** to celebrate the 11th anniversary of the school. We had a wonderful time together playing games and enjoying a meal together. Thanks to sponsors we also proved each of the 27 children with a new pair of shoes and socks.

Angela with new wheel chair

While visiting one village we met **Angela** who is crippled and unable to walk for most of her life. She is now 19 years old and spends most of her time in bed. We were able to get wheel chair for her so that she can go outside more often and get around in the village. She was so happy to receive this much needed gift.

Happy children during program

Special thanks to all those who helped to support this project and to **Softex Indonesia** for donating diapers and sanitary pads.
